\*An ESA is an alias that represents the uniform resource locator (URL) or internet protocol (IP) address of a messaging provider. It ensures you meet all technical requirements for interacting electronically across the superannuation network. An email address is not an ESA.

You can obtain an ESA from an SMSF messaging provider or through your SMSF intermediary such as SMSF administrator, tax agent, accountant or some banks. Many of these options are no cost or low cost.

If you choose to rollover any part of your benefit – it must be rolled over to a complying superannuation fund.

If you choose to rollover to a self-managed superannuation fund (SMSF), payment will be made by electronic funds transfer (EFT) to the SMSF's operating bank account. You will need to provide a copy of a bank statement for the SMSF, and the bank account name will need to match the name of the SMSF. Your membership in the SMSF will also be confirmed using the ATO's SMSF verification service prior to processing any rollover.

#### 6. Proof of identity

You may need to provide proof of identity documentation or electronic verification information with your application to prove that you are the person entitled to the superannuation benefit.

Proof of identity is only required if your application is for:

- the payment of a pension benefit
- the payment of any part of your benefit as a lump sum payable directly to you including your basic benefit
- the rollover of any part of your benefit to a Self Managed Super Fund (SMSF).

Note - You are not required to provide proof of identification if you are applying only for a lump sum benefit - and you are applying to rollover your entire benefit (including your basic benefit) to a complying superannuation fund, other than a self managed superannuation fund (SMSF).

If your entire benefit is being transferred to a complying superannuation fund (other than a SMSF), we are able to verify your identity through the Australian Taxation Office (ATO) using their Super TFN Integrity Check (Super TICK) service. In the event that Super TICK is unavailable or if the records we hold do not match the ATO records - identity documents may be required. Identity documents or electronic verification information will still be required for rollovers to a SMSF.
